**Limpieza / mantenimiento**

Use solamente productos jabonosos suaves. NUNCA use productos abrasivos, esponjas metálicas, ni paños fibrosos. Las incrustaciones de sarro pueden eliminarse, con un poco de vinagre de alcohol y un cepillado suave. Los juegos de grifería son fabricados a partir de diferentes materias primas y con distintos espesores. En caso de superficies pintadas no se puede asegurar la uniformidad absoluta del color.

**Cleaning and care instructions**

It is recommended to wipe faucets dry with a soft cloth after use, to avoid spots left by mineral deposits when water evaporates. Avoid harsh and abrasive cleaners on all faucets surfaces. Use only a soft damp cloth with mild liquid soap to clean the faucet surfaces of all finishes including coated polished brass, gold, brushed nickel, etc. Painted and plated surfaces may vary slightly in color, so extra care is needed.
